

1/8" 3.5mm Mini TRS Phone Plug

- If you want to solder 3.5mm connectors, please consider the molding cable carefully.
- Due to the molding, cables and connectors can be better combined, with certain degree of tensile strength, and the burden on the phone socket is very small.

SP110AP-G-C81-BK
Ø 6mm

- Step design "sleeve T-ring" for use in a mobile phone case. • Big internal space, easy to solder.
